# Power 360: Join The Arizona Energy Power 360 Initiative

Businesses are currently benefiting from our service and save an average of 12% on their electricity costs with Power 360 from Arizona Energy.

## Power 360 How Switched On Are You?

A growing number of SMEs are saving an average of 12% on their electricity costs with Power 360 from Arizona Energy...Make sure you're one of them.

POWER 360 from Arizona Energy gives businesses fixed price electricity at affordable rates and the chance to accurately monitor your usage in real-time with our free smart meters.

- **Annual price review** - we review your price after 12 months to ensure you are paying the most competitive rates.
- **Peace of mind** - renew your contract sooner than 180 days. Power 360 enables you to renew your contract 360 days in advance at our exclusive 24 and 36 months rates
- **Purchasing Power** - unlock the benefits of group buying power and get access to highly-competitive wholesale prices
- **Reduced energy expenditure** - improve your forecasting and budgeting and eliminate complaints about estimated bills with our free smart meters

Secure Your Electricity At Low Wholesale Rates And Renew Your Contract 360 Days In Advance Of Your Renewal Date. **Contact a specialist on 0845 835 0555**

# Price Shield: Join The Price Shield Energy Initiative

Businesses are currently benefiting from our service and save an average of 17% on their electricity costs with Price Shield from Arizona Energy.

## Price Shield..Join The Price Shield Energy Initiative.

As a member of the Price Shield Energy Initiative you can fix your business' energy tariff at wholesale rates as far ahead as April 2020. You also get extra services – like bill validation and energy management advice – that will help you reduce your overheads.

### Management Resources:

- **Quarterly price review** – we review your price and advise you on when energy is at its cheapest every quarter
- **Purchasing power** – get access to highly competitive wholesale prices, thanks to our group buying power
- **Budget certainty** – secure your price. If the market rises, your exclusive price is protected, regardless of how long is left on your contract
- **Greater opportunity** – take advantage of market movements. If the market dips, you can unfix your secured price and blend with lower market rates
- **Discounted green energy** – avoid having to pay the Climate Change Levy (CCL) premium by opting for green/renewable energy at a discount of 15%
- **Flexible agreements** – we avoid take or pay clauses, meaning you aren't penalised for reducing or over-using your energy consumption

### BONUS SERVICES

- **Bill validation** – we conduct a retrospective energy bill analysis as far back as 6 years to see if you have been overcharged by your supplier
- **Free smart meter** – you only pay for what you use because we can have a free automated meter reading (AMR) device fitted to your meter. This gives you exact, daily reads, which means your invoices will accurately reflect your usage
- **Energy Manager software** – the automated reading device links to our Energy Manager software, which means we can advise on ways to reduce your consumption and carbon footprint
- **Unlock exclusive tariffs** – By joining, you and your employees will have access to our exclusive domestic tariff
